CAREER OBJECTIVE

Front-end developer focused on JavaScript web development. After success in Bilge Adam Academy Front-end development, I look forward to continuing my career by joining the hardworking and interactive team of this company where I will continue to expand my JavaScript knowledge towards excellent accessibility and responsive design.

WORK EXPERIENCE

Movell İleri Teknoloji Bilişim A.Ş / Frontend Developer
Nisan/2023 - Aralık/2023

- Marketplace application setup and development with Nextjs (movell.com.tr)
- Developing merchant and admin panel for marketplace application with React (satici.movell.com.tr)
- Creating a corporate website with Nextjs
- Creating e-commerce frontend with Nextjs (cqu.com.tr)
- Coding of designs created with Figma

Bilge Adam Technologies / Frontend Developer Intern
Ocak/2022 - Ekim/2022

- Designed and developed a dynamic coded portfolio with plain javascript structure and e-mail integration.
- Developed an English learning application with advanced video processing support using Vanilla Javascript.
- Rewrote the company standards HTML for SEO and Accessibility.This drove a 150% increase in users by appearing on the first page of Google search results.
- Participated in the initial wave of developers learning and implementing the React.JS library.
- In e-commerce projects, product listing, product filtering, product creation and front-end coding of the API side were developed.
- Utilized HTML, CSS, and JavaScript to create 25+ responsive landing pages for both company and client.
- Maintained graphic standards and branding throughout the product's interfaces.
